WETASKIWIN, ALBERTA, AUGUST 12, 1915

V. C. FRENCH, PUBLISHER.

Wetaskiwin Fair - August 27 and 28.

As the time approaches for the Seventeenth Annual Wetaskiwin Fair and Race Meet on Friday and Saturday, August 27 and 28, it is more apparent than ever that the attractions will be fully up to the standard, as a number of entries have already been made, and the secretary is receiving a large number of inquiries for prize lists and particulars from sources which have not heretofore been interested. The stock men of the district will no doubt be showing their best animals, and in addition to this, several carriages of excellent stock are now in the west from Ontario and Manitoba, taking in the several fairs, and it may be reasonably expected that there will be a good showing of this outside stock at the Wetaskiwin Exhibition.

The several committees of the society are now busy and have the details well in hand. Among the important changes being made this year is the leasing of the Empress Theatre for the exhibit of grains and roots, and vegetables, domestic manufacture, ladies work, art display, etc. The building on the grounds where these exhibits have heretofore been shown will now be used for the poultry. This change should be quite satisfactory, and with the increased accommodation for the fancy work, etc., there ought to be even a larger and better exhibit than last year, which was the record.

Entries for all the events close on August 25, but the secretary requests that the exhibitors will be considered enough to make the entries as early as possible, as this is a great deal of work entailed in completing the books in preparation for the judges. The department of agriculture will supply government judges for all live stock, and the judging is always done in the open, so that all may profit therefrom.

It is expected that at least two baseball games will be played, but we will give particular notice of this, as well as of the other attractions.

A good racing program has also been arranged for both days, the program of which is as follows:

FIRST DAY
Haf mile run, heats, 2 in 3. Purses \$100.00.
Half mile Indian Race, Purses \$150.00.
Five-eighths mile dash, Purses \$100.00.
Quarter mile Pory race, heats, 2 in 3, for local ponies. Purses \$20.00.

SECOND DAY
Half mile run, heats, 2 in 3. Purses \$100.00.
Half mile Trot for local horses, 2 in 3, without hobbles. Purses, \$50.00.
Three quarter mile dash Purses \$50.00.
One mile Indian race, Purses \$150.00.
An entrance fee of 5 per cent and 5 per cent additional from winners will be charged in all races.

Four to enter and three to start in all events.

Fire Brigade Has Three Runs

The fire brigade had three calls during the last week. On Thursday afternoon last, they made a run to the residence of C. S. Crosby where the chimney caught fire. Little damage was done.

On Sunday morning, shortly after seven o'clock, a serious fire took place at the home of Mr. and Mrs. F. E. Kelley, and before the conflagration was extinguished the house and contents were badly damaged. About an hour before the outbreak of the fire the family left to spend the day at Pigeon Lake, consequently the fire had a good start before the alarm was sent in. It is thought the fire started from the electric wiring. The loss is covered by insurance, which we understand has been satisfactorily adjusted.

At the noon hour on Wednesday, the fire alarm was sounded for the Angus Theatre was of a very high order, and those who did not attend missed a treat. After a run of moving pictures, Rev. C. E. A. Jackson introduced the artist, and a few words explained the object of the entertainment. The program was interspersed with Scottish dances by Chas. McFarlane, and the singing of patriotic songs by Chas. Stewart and these gentlemen fully sustained their reputation as first-class entertainers.

Grade VIII Examinations

The results of Grade VIII examinations were announced by the Department of Education on Saturday last, and as was to be expected, the Wetaskiwin school, is away up in the list, if not at the very top. Of the twenty-two who were recommended, and wrote here, twenty were successful, or about ninety per cent.

Those who were successful were: Ethel Austin, Hilda Austin, Elsie Bagnall, Adolph Bleiler, Winnie Bouda, Eddie Boukka, Fred Doss, Bernard Ellis, Violet Ingla, Ruby Lindsay, Isabelle Murray, Mabel Olin, Florence Paton, Margaret Robinson, Clifford Robinson, May Rostrum, Olive Terry, Richard Thompson, Russell Ward, Agnes Watson.

All of these are entitled to enter into the High School, and make work suitable for teaching, or some profession.

The following is a list from the surrounding country districts who were successful. No doubt there are others who passed and we will be glad to have them or their teachers send in their names for publication.

S. A. Cummings - Stevens, Lone Ridge S.D.
Paul Morson, Sam H. Svensen, Battle Lake S.D.
E. E. Peterson - Nashville S.D.
Alice M. Lachance - Millar S.D.
Emma A. Albers - Star S.D.

Adolph Bleiler won distinction for himself and the school by winning the Duke of Cornwall's bronze medal for the highest number of marks obtained by any student in the inspectorate.

Women's Relief Corps

The Wetaskiwin Branch of the Women's Relief Corps sent a bale to the Red Cross Society last week containing 75 surgical shirts, 15 pairs knit socks, 2 pairs knee protectors, old linen, dressings, hospital handkerchiefs and fractured limb pads.

Any ladies having old sheets or linen suitable for bandages, are requested to bring them to the rooms over the Merchants Bank.

Jas. Speakman, president of the United Farmers of Alberta, stated that there had been no specified portion of the land to be set aside for the patriotic fund, but that every member had been urged to do his best in seeing that contribution would be made in the way of clothing and produce as well as financial.

"The farmers of this province have been doing a great deal toward the war fund," said Mr. Speakman. Some of the members of the town unions have co-operated with the town officials and made many generous gifts which have gone in under the civic name. Also financial assistance, has been rendered by the various unions. This money has been forwarded to the old country to be used in the British Patriotic fund, the Belgian Relief and the Red Cross," he said.

Calgary, Aug. 11.—After a flyng tour of the south country and after studying reports from the north, P. N. Lumsden, manager of the Canadian Pacific department of natural resources, on old-time in the province estimated the total value of Alberta crop, when harvested, at one million dollars. It is an average of \$200 in value for every man, woman and child in the province. It almost doubles previous predictions. "The heaviest yield will be a surprise," commented Mr. Lumsden.

Information of Interest

Re Wild Land Tax
The assessors are busy assessing the wild lands of the province for the purposes of the wild lands tax. Dozens of enquiries have been made at the Canadian office during the past few weeks as to what lands can be taxed and what is exempt. The purpose of this article is to make these points as clear as possible.

The rate of taxation is one per cent of the assessed value. In other words if a quarter section of land is assessed at \$10 per acre or \$1,600 in all the tax would be one per cent of this or \$16.00. If the land is assessed at fifteen dollars per acre the tax on a quarter section would be \$24.

The assessing is being done by the government assessors and the taxes will be payable to the Minister of Municipal Affairs at Edmonton.

The assessment shall be on the actual cash value of the land.

The intention of the act is to exempt every bona fide farmer. It is intended to tax the absentee holder of land for purposes of speculation.

Every man who is living on his land and exempt up to 640 acres, no matter how much or how little he is cultivating. He is exempt up to this amount whether the land is all in one parcel or in various parcels so long as the land is all within a nine mile radius of the man's home. If a man owns more than a section either within nine miles or anywhere else he is still exempt on all of it, providing he has cultivated (either crop or summer fallow) the previous year a quarter of the land. This cultivation may be 25 per cent of each individual piece or it may be all in one parcel or so long as it is sufficient to cover 25 per cent of all the land within each nine mile radius.

In other words, the man who is actually farming can be exempt on any quantity of land whatever so long as he cultivates the land in accordance with the provisions of the act. And, in any case, no matter how much land he would like to exempt him from the tax on the land, will exempt him up to 640 acres. If he owns more than that he must get it taxed and cultivate a fixed portion of it.

In order to secure exemption, the farming stock instead of for cultivation the land must be fenced and at least one head of horses or cattle for each ten acres must be pastured on the land. The stock must in all cases be long to the owner of the land.

If the law did not insist on the stock belonging to the owner of the land, the whole thing would be in a farce for every absentee land owner would simply give some farmer close to his land permission to pasture his stock and thus avoid the tax.

The first purpose of the act is to raise revenue and the second is to compel cultivation and to put the land into the hands of bona fide settlers.

It is no reason why any farmer should ever have to pay unless he is caught by accident the first year.—Camrose Canadian.

A ball storm passed over the Angus Ridge district early Monday morning, but so far as we can ascertain little damage was done.

Campers and others are apt to be careless regarding the wearing of wet or damaged clothing. This practice is conducive to rheumatism and other ailments. Care should be taken to have clothing and beds thoroughly dry and well aired.

The recent heavy rains caused uneasiness among the people of Okotoks led the current would force a new bed through the business section of the town. Piling will be necessary to keep the town in its present course, is the opinion of many.

A quiet wedding took place in the Roman Catholic church on Monday of this week, when Mr. Joseph Palsy and Miss M. Tare were united in the holy bonds of matrimony. The happy couple are popular residents of the Gwynne district, and we wish their friends wishing them a long and prosperous journey through life.

While looking at the entries in the ewine buildings yesterday at the exhibition grounds, a private of the 63rd Battalion was bitten by a man of the arm on the hand. The man was picked up by a passing auto and hurried to a doctor who sewed up the wound.—Bulletin.

General harvesting in this district is near at hand, as several fields of rye and barley were cut during the past week, and we understand wheat will be reaped this week. The crop never looked better, and from every indication the Wetaskiwin district will harvest a record crop both in quantity and quality.

See to it that your own home is ready for the coming winter. Examine the condition of your kitchen stoves, furnaces, fireplaces, etc., and see that the flues are properly propped. See the chimneys are run through portions of the building in such a manner as to cause incursion of the woodwork. Go into the cellar, clothes closets, cupboards, etc., and see that no rubbish is allowed to accumulate which may cause fire.

Only two changes take place in the teaching staff of the Wetaskiwin public schools at the commencement of the term. Miss Manley and Miss Macnaught have been engaged to fill the vacancies caused by the resignations of Miss Pratt and Miss Matthews.

Low Hutchinson, the well known stockman, has an exhibit of 11 head of Aberdeen Angus cattle which won prizes at the exhibition here. He located at Pigeon Lake, Ont., in 1895, and has found that his Aberdeen Angus cattle do well in winter with the privilege of running in sheds when the weather is stormy or cold. He has a farm of 320 acres, of which 90 is cultivated, and 1 1/2 years' raising mostly from his stock. He has 35 head of pure bred Aberdeen Angus cattle and an equipment of work horses and 40 head of pure bred Berkshire pigs. The Aberdeen Angus cattle are noted for their running ability on the prairie, especially in the winter. Mr. Hutchinson has four head which ran out during the winter of 1914, which was extremely severe, yet these animals which were not stabled at all with first and championship at the Calgary stock show the next spring. Mr. Hutchinson says that the "Aberdeen Angus are not hot house flowers."—Bulletin.

PROVINCE'S REVENUE WILL NOT
BE LOSER BY LIQUOR
ACT.
If the province of Alberta is to be
the loser because of the passage of
the prohibition bill, that wipes out
all liquor from the hotels, clubs and
shops of the province, Hon. C. B. Mc-
Nair, provincial treasurer, whose de-
partment is directly affected, doesn't
see it. Mr. Mitchell, who has been
conducting over the past month or
two, in business matters in general, and
the crop prospects in particular, was
in Calgary this Sunday afternoon for
a short time, before leaving for the
southern districts, where he proposes
spending a week or more before re-
turning back to the legislative building
at Edmonton.
Mr. Mitchell thinks highly of the
crop prospects, and he is also of the
opinion, after a short tour in Brit-
ish Columbia, that this province has
a whole lot more to be thankful for
than her sister province to the west.
The provincial treasurer also sees a
good reason for optimism in the fact
that Alberta is soon to be swathed
in prohibition, and in answer to a
question propounded to him by the
question, said he was not afraid of
any loss that might accrue because
of the shooting through of the bill.
The enforcement of the get of course
falls under the scope of the attorney-
general's department, although a
treasurer of the province, Mr. Mc-
Nair is certainly the one who should
worry if thousands of dollars a year
are cut off. But Mr. Mitchell is
smiling and debonair as ever.
"I see no reason why there should
be a big loss of revenue," replied the
provincial treasurer. "It is true we
take in license money, and the prov-
ince shares in the proceeds to a cer-
tain extent, but the money that is
thus taken in is nearly all used in
inspections, prosecutions, over-
sight, and paying salaries to the mem-
bers of the board. With prohibition there
may be heavy prosecutions for a
while, but prosecutions bring fines,
and these, of course, will defray all
expenses. Then when it comes to that
point where there will be no prosecu-
tions, the province will be under no
expense and everything will be just
the same as before. Again, if we need
revenue, there are lots of ways of
getting it so none of the people need
worry as to how the province will
plod along. We'll pull through all
right."

WHAT AN OPPORTUNITY
When all our roads are good roads;
when country schools are good sch-
ools; when far from the city, there is
at greater profit, when farmers are
able to uphold rural life.
Then the children of the farm will
thrive to desert the fairest of places
for overcrowded cities; population
will be more evenly divided, for
many who struggle for a crust in the
city will find plenty in the country;
wealth will be more evenly divided
there will be less of the doctrine of
hate and more of the doctrine of
love; there will be more happiness.
This is the future of God's coun-
try if you and I lend our aid. It
means a wonderful future—not in dol-
lars alone—but in a contented, suc-
cessful people, constituting an indus-
trial and agricultural community,
peaceful and prosperous beyond com-
pare.
What an opportunity! Isn't it
worth fighting for?—Ex-
Ottawa, Aug. 7.—A year of war has
cost Canada ninety million dollars.
The great struggle in which many
Canadians have already laid down
their lives is also causing a great
financial sacrifice. It is costly to Can-
ada, in fact, three hundred thousand
dollars a day. Figuring this out even
more finely it will be apparent
that Canadians are going down into
their pockets to pay the expenses of
the present struggle at the rate of
nearly thirteen thousand dollars an
hour, or about \$23 a minute. And
the statistician who cares to reduce
his calculations to the ultimate unit
will discover, of course, that the
Canadian financial war clock is tick-
ing at the rate of about \$4 per sec-
ond.

Shorthorn Cattle
Having decided to dispose of my cattle, I have instructed the un-
derdesignated auctioneer to sell by Public Auction at the
Stock Yards, Wetaskiwin, on
Thursday, August 26th
at 2 o'clock sharp several purebred Shorthorn Bulls
and Cows, one purebred Jersey Heifer, 3 car loads
of good Beef Steers, two, three and four year
olds; also a few head of Fat Cows and Heifers.
MEMBERS—CASH
NOTICE—The best stock will be run over the scales and will be
sold by weight to the highest bidder. Cars will be waiting so there
will be no delay to shippers. The balance of the above mentioned
stock will be sold any way to suit the buyers. Beef to be sold in car
load lots.
The owner has decided to go out of the cattle business owing to
other business interests elsewhere and any person attending this sale
will see as fine a bunch of cattle as I say this without fear of contradic-
tion—as you will find in the western provinces. The bulls were bred
by Roberts Bros., of Vegreville, and Mr. Van Horn, of Winnipeg.
Write Geo. L. Owen, Auctioneer, Wetaskiwin, for sale bills, giving
pedigree of the pure bred stock.

CAMROSE
(From The Canadian)
W. A. Boyd, five miles east of
Camrose, shot a full grown lynx last
Wednesday evening. The animal was
passing through the farmyard at the
time. The pet was brought to town
but was found to be useless at this
season.
The directors of the Camrose agri-
cultural society announce a bill of
attractions for August 19 and 20 that
should bring to Camrose the biggest
crowd ever assembled in the town.
The date will fit well in between hay-
ing and harvest, and every farmer
should take the day and see what is
going on around him.
This morning Mr. John Martz at a
Duhamel started his binder cutting a
magnificent field of rye. The crops
all through Duhamel, Heather Bros
and New Norway are making rapid
progress and the harvest will be ear-
lier than the average though possibly a
few days later than last year.
The crops were never so uniformly
excellent.

Hunt, clerk of the executive coun-
cil, who had charge of the prohibi-
tion plebiscite. The cheques will total
between 150,000 and two hundred
thousand dollars. Mr. Hunt ex-
pects to have every bill paid within
two weeks. Accounts from twelve
constituencies are now in the audit
department.
The cost of submitting to the peo-
ple a vote under the direct legisla-
tion act is very heavy and the warn-
ing becomes apparent of the clause
in the act requiring a reasonable per-
centage of signatures to a petition
necessitating the submitting of the
question involved to a vote of the
people. It is estimated that at the
least half a million dollars was spent
in the recent election.

PERMANENT EXHIBIT
The Canadian exhibit at the Pana-
ma Exposition has been awarded 1st
prize for all the national and state
exhibits, and will be retained as a
permanent exhibit after the fair has
been dismantled.
The Canadian exhibit at the big
fair has been praised on every hand.
Visitors to the fair from every quar-
ter of the western hemisphere have
remarked on its superiority. That it
is to be retained as a permanent ex-
hibit will be exceedingly gratifying to
Canadians.

ACTION OF SINGLE SPOONFUL
SURPRISES MANY.
Wetaskiwin people who bought the
simple mixture of buckthorn bark,
glycerine, etc., known as Adler's, are
surprised at the INSTANT effect
of a SINGLE SPOONFUL. This rem-
edy is so complete a bowel cleanser
that it is used successfully in consti-
pations. Adler's acts on BOTH up-
per and lower bowel and ONE SPOON-
FUL relieves almost any case of con-
stipation, sour or gassy stomach.
ONE MINUTE after you take it the
gases rumble and pass out. T. F.

For 7 Years
Was Troubled With Her Liver.
Milburn's Laxa-Liver Pills
CURED HER
Mrs. E. L. Hurst, 61 Symington Ave.,
Toronto, Ont., writes: "I have been
troubled with my stomach and liver
for the past seven years; also have had
constipation, causing headache, back-
ache and dizzy spells, and I would almost
fall down. I tried all kinds of remedies
without obtaining any relief. I com-
menced using Milburn's Laxa-Liver Pills,
and they have cured me. I have recom-
mended them to many of my friends, and
they are all very much pleased with the
results they have obtained from their
use."
Milburn's Laxa-Liver Pills are the
original to be sure and get "Milburn's"
when you ask for them.
